

Summer 2018

Dear Students, Parents, and Community Members:

This year's summer reading selection includes books about differences, social justice, and overcoming adversity. Each student will pick a novel from those listed below. We are using the summer reading experience as a springboard into our beginning of the year diagnostic writing assessment. Students **MUST** use the attached handout titled **Summer Reading Book Assignment** to keep a running account of their reading; this is their pre-writing/notes and is a **REQUIRED** assignment. **Students enrolled in honors classes grades ten through twelve have a separate mandatory reading assignment. Honors level students can access that information on our school website.** Please contact me at ruth.trainor@scituateschoolsri.net if you have any questions. Have a wonderful summer!

Sincerely,

Ruth C. Trainor
