## 2017-18 SHS Course Selection Process

- You can refer to the guidance page on our school's website to view the whole PowerPoint from today.
- Consult your Program of Studies to see not only what classes are offered, but also what the prerequisites are for certain classes.
- Remember-you should pick electives that interest you or are connected to what you would like to study post high school.
- Many of our pathway classes can only be selected in the "Elective" category of your portal.
- Sign up for clubs now. All clubs will run during period 9 except for cardio kick (Art Club will run both periods 8 & 9).
- Follow these easy steps to start selecting your classes for 2017-18:
  - Sign into your PS account
  - CLICK on the chair icon called **Class Registration**
  - CLICK on the pencil on the far right of each content area
  - CLICK in the checkbox next to the courses you wish to select
  - CLICK the **OKAY** button before moving onto the next content area (you may wish to pick more than one class in certain content areas, so make sure you read the notes)
  - CLICK the **SUBMIT** button when you have finished picking your classes
  - Be sure to review your choices
- Go see your counselor if you have any issues or questions about this process.
- Speak to your teachers about classes they either did or did not recommend for you to take.
- The PS portal will be opened for TWO WEEKS...so do not delay. After the portal is closed, all classes will only be able to be picked through the guidance office.

**Grade 9 CTE Pathways students should follow the chart below when picking their classes:**
